

NOOR RING

Home & Qibla

Daily command center with health scores, alarm and Qibla guidance.

- Primary action: understand today's readiness
- Qibla is visible on the home flow
- Gold accents create a premium Middle East identity

Prototype only - interaction, data and algorithms are illustrative.

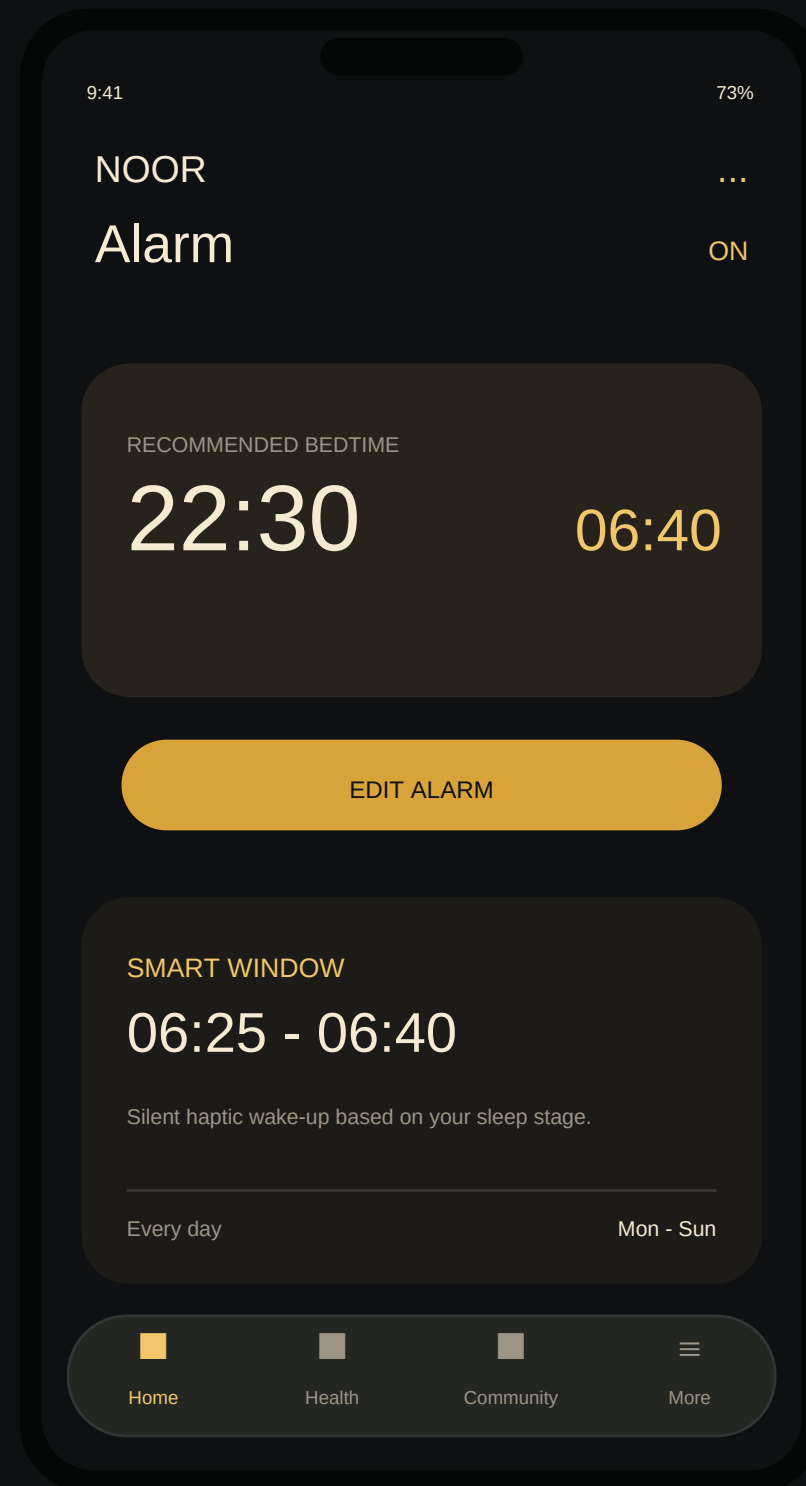

NOOR RING

Alarm

WHOOOP-inspired silent haptic wake-up module.

- Smart window uses sleep stage data
- User can edit time and repeat days
- Designed for ring-first, screen-light interaction

Prototype only - interaction, data and algorithms are illustrative.

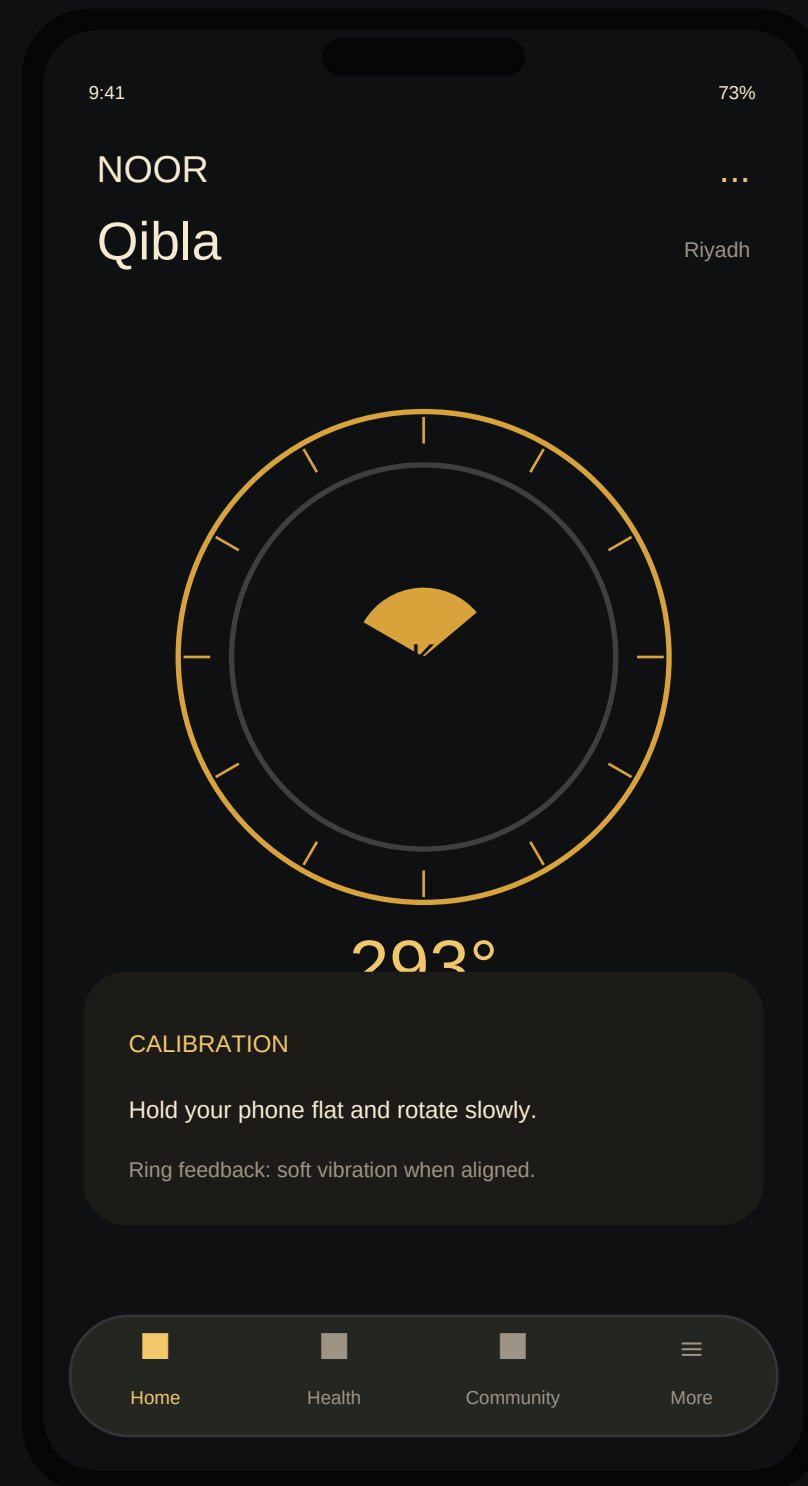

NOOR RING

Qibla

Phone compass computes direction; ring confirms with haptic feedback.

- Current heading: 293 degrees Northwest
- Calibration guidance is explicit
- No hardware display required in first version

Prototype only - interaction, data and algorithms are illustrative.

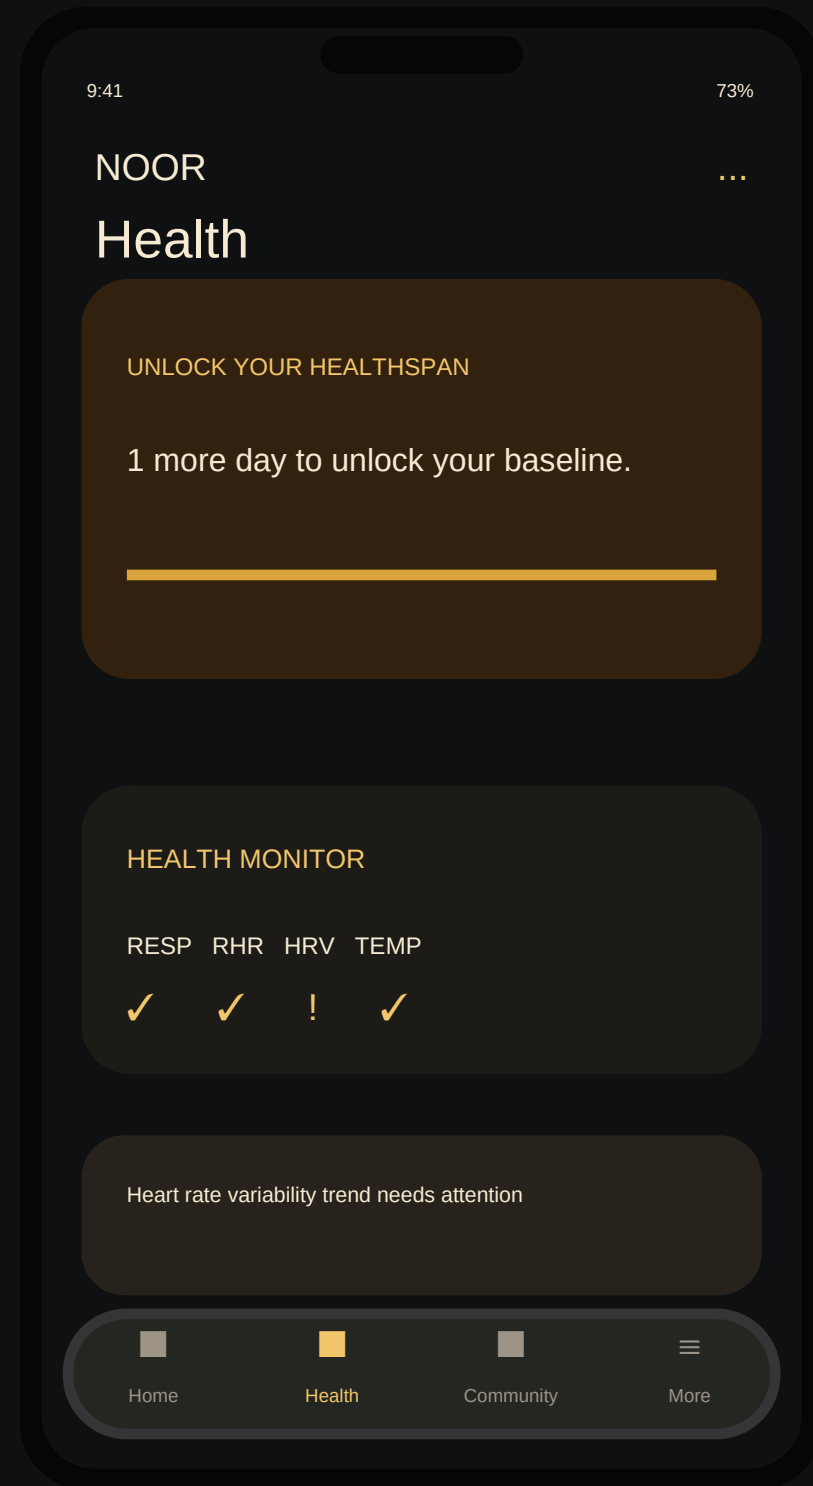

NOOR RING

Health

Long-term healthspan and baseline monitoring.

- Recovery trends remain the primary value
- Health monitor surfaces data confidence
- Gold is used for attention states

Prototype only - interaction, data and algorithms are illustrative.

NOOR RING

Community

A lightweight social layer for accountability and family plans.

- Family plan and referrals create network effects
- Local groups support Ramadan and Riyadh routines
- Community complements, but does not replace, health value

Prototype only - interaction, data and algorithms are illustrative.
